Grammar is the science of the sentence. No other subject requires a more concise and general treatment. Grammar reveals the processes by which thought is expressed, and when properly presented is calculated to lead pupils into a knowledge of their own powers of mind. Every word, phrase and clause in a sentence should be thoroughly understood, and this knowledge can be obtained only by frequent drills in analysis and parsing. In the study of the sentence, analysis should always be considered a leading product, and for this reason the author has prepared a very plain, practical and common sense system of diagrams. The model diagrams are accompanied by frequent drills in analysis and parsing, which, together with supplemental exercises in composition waiting, are sufficient to elucidate the correct application of the words used. Educators realize that a serious impediment to the study of grammar is the introduction into...

### Reviews

*Thorough information! Its this kind of very good read. It is written in basic words and not hard to understand. You won't feel monotony at anytime of your respective time (that's what catalogues are for regarding should you question me).*

-- **Roel Bogisich Sr.**

*The most effective ebook I possibly go through. I am quite late in start reading this one, but better than never. It has been designed in an extremely basic way and it is just after I finished reading this ebook by which basically transformed me, modify the way I believe.*
