Reviews

A brand new e book with an all new point of view. I have got read and i am sure that i am going to likely to read through once more once more in the future. It is extremely difficult to leave it before concluding, once you begin to read the book.

International Society for Technology in Education. Paperback. Book Condition: New. Paperback. 83 pages. Dimensions: 10.9in. x 9.0in. x 0.2in.Online and Hybrid Learning Trends and Technology looks further into key aspects of designing and delivering online and hybrid learning environments. The contributors continue to focus on the instructional component of e-learning systems, looking at e- learning trends and technologies such as the management of large classes, podcasts, the educational uses of virtual worlds, and the development of virtual schools in North America and around the world. Grounded Designs for Online and Hybrid Learning The quality of the e-learning materials and experiences offered online varies greatly. Few educators have the time and training to learn the new technologies necessary to facilitate e-learning, and even fewer receive the resources required to rethink their coursework and redesign their instructional materials. This three-book series, Grounded Designs for Online and Hybrid Learning, is written primarily for educators and instructional designers creating online and hybrid learning environments. Regardless of your underlying educational values and beliefs, grounded design provides practical methods that you can follow in a variety of settings. The International Society for Technology in Education (ISTE) is the trusted source for professional development, knowledge generation, advocacy and leadership for innovation. ISTE is the premier membership association for educators and education leaders engaged in improving teaching and learning by advancing the effective use of technology in PK-12 and teacher education. Home of the National Educational Technology Standards (NETS), the Center for Applied Research in Educational Technology (CARET), and ISTEs annual conference (formerly known as the National Educational Computing Conference, or NECC), ISTE represents more than 100, 000 professionals worldwide. We support our members with information, networking opportunities, and guidance as they face the challenge of transforming education. Some of the areas in which we publish are: - Web....
