Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Simple Structured Training will help the weekend athlete as well as the Olympic athlete to enhance their game through feedback and intelligent, well-rounded and effective training. The intent of this book is not to tell you how to train. It is a means to make you think of how you train, why you train, and what you re training for. This book is intended for the person who is already an athlete and would like to become a better one. But the sign of good training material is that which asks, What do you want? How soon do you want it? How much are you ready to sacrifice to get it? There are no great secrets left to this training game. The major bodybuilding, shaping, fashion, fitness and longevity magazines have the same articles with the same exercises that they had 50 years ago. They call it...
