When best selling author Joe Camp and his wife Kathleen decided to move from the high desert of southern California to middle Tennessee they were told over and over again that their horses couldn't stay out 24/7 on the lush rich grasses they would encounter. Legend had nicknamed their new home Founder Valley. This made no sense to Joe. Horses in the wild encounter gorgeous meadows and free choice foraging with no negative results whatsoever. So as he had done when horses first entered their lives, Joe hit the research trail and began digging out the actual facts, not the legends. Not the hearsay. And what he discovered was nothing short of amazing. As this new book is released Joe and Kathleen's herd of six are happy, healthy, and about to celebrate their second anniversary of being out in the forbidden pasture 24/7. Learn how. And why. This is their story.
